Mineko Koto Instructor

Ruth Ann

Beacon: The class is a beacon and guide to daily studying as knowing I will be attending the class once a week & am motivated to do something everyday.

Companions: I learn as much from my colleagues in the class as I do from the instructor. They are knowledgeable in various areas and all are most helpful.

Educational: We learn grammatical structure of sentences and when to use a particle or a topic marker.

Practical: We practice how to write and say the time, the day of the week, common daily phrases, and the culture of Japan.

Keith

I enjoy the “Fun and Easy Japanese” class. Mineko is a fun teacher and very committed to the class. As a senior it is hard to learn a language, but she is very patient with us.

Henry

Fun and Easy Japanese is a good introduction for seniors who are new to learning Japanese. Mineko sensei’s enthusiasm and dedication to teaching Japanese is admirable.

Terry

The fun and easy Japanese classes are a highlight of my week. The instructor is fun and very knowledgeable and makes the 2 hours fly by. The class is very supportive of each other with lots of fun stories. I would recommend it to anybody or age.

Paul

Instructor is knowledgeable and helpful. Class is fun and friendly. Extras like videos and websites are great.

Mildred

I enjoy the mental stimulation and learning Japanese phrases in a relaxed environment. It is interesting to learn about Japanese culture too.

Marlene

The class continues to be enjoyable, but challenging. Mineko has added audio-visual elements, as well as helpful information for those traveling to Japan.
